Hi Kate & Sheryl!

Thank you for the opportunity to collaborate with the E-Enterprise program.

A quick update on Maine's recent E-Enterprise related goings on:

-  I had a wonderful conversation with Louis Sweeny from Ross Strategic last week regarding how to improve interagency cooperation as part of the Partner Profile Inventory Project. I look forward to hearing back from him regarding other agencies perspectives.
-  My office met with Lynn Capuano a couple of weeks ago to discuss our future plans for the Exchange Network. We are planning to implement the Virtual Exchange Service more fully.

Please feel free to contact me regarding any E-Enterprise related items.

Enjoy the day,

Sam

Hi Kate,

Our e-enterprise contact will be Sam Krajewski. I believe he attended an e-enterprise conference earlier this year and has been following the national workgroup.

Thank you,

Melanie Loyzim

Deputy Commissioner, Maine Department of Environmental Protection

Good Afternoon –

Checking in to see if you have a suggested Point of Contact for the E-Enterprise Working Group.

Thank you

-Kate

Subject: PFC Working Group and E-Enterprise points of contact

Good Morning Commissioners,

I am writing to raise two items with all of you.

The first relates to perfluorinated compounds (PFCs). Given the ever evolving issues with PFCs across the northeast, I would like to create an EPA/State working group to share information and coordinate resource requests. If your state is interested in participating, please send me your designated point of contact (POC). I am going to have Meghan Cassidy, my Superfund Technical Support Section Chief, chair the group and we will have other technical experts sitting in as well.

The second relates to E-Enterprise. As you may know, EPA Regions were asked to designate Regional Coordinators whose job is to serve as an advocate, change agent and educator, and to look for opportunities to advance the objectives of E-Enterprise in modernizing and streamlining our joint business processes. We designated Sheryl Rosner, given her work with the State of Missouri to develop and test an Assistance Gateway for use by local governments and other interested parties. Many of the Regions are designating their planners or PPA/PPG coordinators. It would be helpful for Sheryl to have a POC in each of your states to work with directly.

If you could get back to me by COB July 21st on both requests, I would appreciate it.

Thanks...Deb
